

Beck - Up All Night (FIFA 17 Soundtrack) (2016)

[intro: E, B, G#m, x4]

E **B** **G#m**

When you get the rhythm and words all make you cold
When you break it down and this world is all you know
Hands up, you're waving it around
Now get yourself **[F#]** together
When you count the dominos fall, it's time to go

C#m **D#m** **G#m,** **C#m** **D#m** **G#m** **B**

Now I'm feeling so far away, I see the colors and all the kids going home

C#m **G#m,** **C#m** **D#m**

Night is crawling into the day, I hear my voice ringing

E

The summertime's singing

B, **C#m,** **G#m**

Just want to stay up all night with you **[G#m]**

Just want to stay up all night with you **[E]**

There's nothing that I wouldn't rather do **[A]**

Just want to stay up all night with you **[F#]**

F# **E,** **B** **G#m**

I'll keep it moving, Don't wait, don't wait for nothing now [x4]

1,2, what you doing?

I've been jumping through some hoops

Want to get my body loose

Want to tell you, tell you what to do

I've been running on the grass like an animal struggling

Looking for a diamond, I'm trying, I'm fighting

Back into the rhythm now

[Bridge]

E **F#**

I just wanna stay up all night

C#

Wanna stay up all night with you, With you, you

[Chorus]

E B G#m F#

Hands up in the air, If you don't really care

Living don't get you there, If you got the climb to take it up there

Hands up in the air, Living out on a prayer

Living don't get you there, Nothing that I want but rather be there
