

Blind Melon- Galaxie ("Galaxy") (Album: Soup) (Released: 1995)

E5, G5, D5, D5 / E5, G5, F5, F5 (repeat intro for verse)

Is this the place that I want to be, Is it you I want to see

Holding on, hold it high, show me everything

And you're leaving me, Yeah you're leaving me,

You're leaving me with, a hated identity

C, G, Am, E

But I keep on a comin' here and standing in this state

And I'm never really sure if you'll take

What I'm saying the right way

But I'm not appalled or afraid verbal pocket play

You see as discreet as I can muster up to be

Because the Cadillac that's sittin' in the back, It isn't me

E, G5, C5, C5

Oh no no no it isn't me, I'm going home in my galaxie

E5, G5, D5, D5 / E5, G5, F5, F5 (repeat for verse)

Can I do the things I wanna do, That I don't do because of you

& I'll take a left then I'll second, guess into a total mess

And you're leaving me, Yeah you're leaving me,

You're leaving me with, a hated identity

CHORUS

E, G5, C5, C5

No no no no it isn't me

No no no no it isn't me

No it isn't me [N.C] E

I'm going home in my galaxie
