

King Princess - Hit The Back (Album: Cheap Queen) (2019)

E7, Am, D7, G

I need you to search my clothing

Pat me down and feel the molding

'Cause underneath this table feels so good to me

And I need you to be my motor

And run me 'til I can't go further

'Cause every turn you take is just exciting me

Em, A7, C, G

And ain't I the best you had?

And I'll let you throw it down, Hit the back

Tell me I need respect

And you know that I'm around, I'm your pet (x2)

Well I'm a star but you're an icon

A dirty girl with lots of passion

Staring at my fingers while I talk to you

And I don't care if you degrade me

'Cause after all, you are my safety

And everything you touch just feels like yours to me

[Bridge]

Em, A7, C, G

It's really really nice to meet ya babe (Take my heart and hit the back)

I think I that I really need ya baby (Ain't I the best you've ever had)

I think I that I really need ya baby (Take my heart and hit the back)

(chorus)

Ain't I the best you had?

(Ain't I the best you've ever had?) (x4)
