(Oh yeah Ah ah...)

You insult me in my home you're forgiven this time

Things go well, your eyes dilate, you shake, and I'm high

Look in my eyes deep and watch the clouds change with time

Twenty hours won't print my picture milk carton size

(Carton size) x3

Call me up congratulations ain't the real why

There's no pressures besides brilliance let's say by day nine

Endless corporate ignorance lets me control time

(By the way) x3

A, Ab, G, F, G A Ab, G

Ch:

Once again you see an in

Discolored skin gives you away

So afraid you kindly gurgle

F G Dsus2

[Repeat Intro]

Now the body of one soul I adore wants to die

You have always told me you'd not live past twenty-five

I say stay long enough to repay all who cause strife

[Chorus] x2

[Repeat Intro]
