

Amy Winehouse - He Can Only Hold Her (Album: Back to Black (2006))

!!! Capo: 1st fret !!! (Original Key: C#)

Cmaj7 Dm7, Em7 Dm7 (Intro/Verse Chords for song)

He can only hold her for so long,
The lights are on but no-one's home.
She is so vacant, her soul is taken,
He thinks; what's she running from?

Cmaj7 Dm7 Em7 Dm7
Now, how can he have her heart, when it got stole?
Cmaj7 Dm7 Am Dm7
So he tries to pacify her, 'cuz what's inside her never dies.

[Interlude] - Cmaj7, Dm7

Even if she's con-tent in his warmth,
She gets plagued with her urgency.
Urgent kisses, the miss misses,
The man that he longs to be.

[Chorus]
Cmaj7 Dm7 Am Dm7
So he tries to pacify her, 'cuz what's inside her never dies.
So he tries to pacify her, 'cuz what's inside her never dies.
