

Dominic Fike - 3 Nights (Album: Don't Forget About Me, Demos (2018))

!!! Capo: 3rd fret !!! [152 bpm]

[C | Em | G | Am] (repeat Chords for song)

**3 nights at the motel, Under streetlights, In the city of palms
Call me what you want, when you want, if you want
And you can call me names if you call me up [x2]**

Feel like the least of all your problems
You can reach me if you wanna stay up tonight... Stay up at night
Green lights in your body language
Seems like you could use a little

Company from me... But if you got everything
Figured out like you say...

Don't waste a minute, Don't wait a minute

It's only a matter of time... For you-ou, to-oo
Tell me now... 'Cause I've been up for... I've been up for

[CHORUS]

I can't fix each & all your problems.. I'm no good with names & faces
Just send me naked pictures... From her neck down to the waist
Stuck in my feelings & vows... She stopped returning my calls
Flaws turn into walls & barricades...

And I'm too F****d on & over both ways
And now every long day is a bad one
I can't make you call & make you stay
Or take you off the pedestal

So I get lost in modern music watching movies
Talking to the walls in my room, Walking through the halls in my head
Just tryna make sure it all makes sense
I ain't made of money... Maybe someday you could take it from me
I'm up too late... Thinking 'bout you... In MIA for

[CHORUS]
