

Travis Tritt - Set In Stone (album: Set in Stone (2019))

!!! CAPO: 2nd fret !!! Key: D - 72 bpm

INTRO: D A G D | D A Em Em

D, A, G, D

This old heart, These old hands

Made a good life for this old man

You can call it passion, Call it stubborn pride

Call it what you want, But I feel it inside

Same old fire burning like it did

White hot flame even when I was a kid

I've finally come far enough to know

The living's in the getting where you wanna go (Em)

D, A, G, D

Morning sun up and gone,

Lord, shine your light, On a working man's home,

I still do what I've always done

I shoot straight I'm a son of a gun

And I don't worry about when I'm gone

Em D A G D

My legacy is set in stone

D, A, G, D

Saw it with some family, Saw it with some friends

How a candle burns when you light both ends

It don't take long, The consequence is real

Nobody wins when the devil does the deal

I could've took the path, forever running wild

If not for the wisdom A father to a child

Picture of the man my daddy was to me

Set me up a plan for who I wanna be

[chorus]

Interlude - D A Em Em

[chorus]
