

Mt. Joy - Silver Lining (Album: Mt. Joy (2018))

Dm, F, C, C [x2] {{capo 5th: Am, C, G, G}}

Up on the mountain, Caught on the rail line [x2]

My brother, let the heart just beat

Drink your wine, smoke your weed

My brother, let the heart still beat

Dm, Am, C, G {{capo 5th: Am, Em, G, D}}

And wear your silver lining

Wear it close to your skin

Dm, Am, C, G

But if it's the drugs, the women, the wine, the weed

The love that took everything I own

Just take it oh oh oh

And tell the ones you love, you love them

And teach only what you know, and oh

You better know it well

We drove from coast to coast

Down in New Orleans, Where the levees broke

You were tripping, I was driving

You were running, I was hiding

And you know I know how that feels

Don't get cheated kid, Just sweep from your heels

And if you get carried away

Let the music play you through the pain

[pre-chorus]

[chorus]

solo – {Dm, Am, C, G}

Up on the mountain

Caught on the red light

Up on the mountain
