She'll lie and steal and cheat, And beg you from her knees;
C   Em   D   G
Make you think she means it this time.
She'll tear a hole in you, The one you can't repair,
But I still love her I don't really care.

PRE-C: C   G   Em   D
               When we were young, oooh we did enough.
               When it got cold, oooooooo we bundled up.
               I can't be told, aaaaaaaah it can't be done.   – G

It's better to feel pain, Than nothing at all;
The opposite of love's indifference.
So pay attention now, I'm standing on your porch screamin' out,
And I won't leave until you come downstairs.

C: C   G   D   Em
     So keep your head up, keep your love.   [x 4]

I don't blame you dear, Running like you did all these years,
I would do the same you best believe.
And the highway signs say we're close,
       But I don't read those things anymore;
I never trusted my own eyes.
