E G A C

She like to call me king bee

She like to buzz round my tree

I call her honey bee

I'm a man in a trance

I'm a boy in short pants

When I see my honey bee

And I've got something to say

Look here now, peace in the valley

Peace in the valley with my honey bee

Don't say a word, bout what were doin

Don't say nothin little honey bee

She give me her monkey hand

And a rambler sedan

I'm the king of milwaukee

Her juju beads are so nice

She kissed my third cousin twice

I'm the king of pomona
