[D , G, Bm, G; Bm, A, G]

I want to run, I want to hide

I want to tear down the walls, That hold me inside

I want to reach out, And touch the flame

Where the streets have no name

I want to feel, sunlight on my face

See that dust cloud disappear without a trace

I want to take shelter from the poison rain

Where the streets have no name

D Dsus4 D6

Where the streets have no name

Where the streets have no name....Were still building

D G

Then burning down love, burning down love

Bm,

A,

D

And when I go there I go there with you... (it's all I can do)

[D , G, Bm, G; Bm, A, G]

The cities a flood, And our love turns to rust

Were beaten and blown by the wind, Trampled into dust

I'll show you a place, High on a desert plain

Where the streets have no name

[Pre-Chorus] [Chorus]

D

Our Love turns to rust

D

G

Were beaten and blown by the wind, blown by the wind

D

Ah When I see love, see our love turn to rust

D

G

Were beaten and blown by the wind, blown by the wind

Bm,

A,

D

And when I go there I go there with you... (it's all I can do)
