

Stone Temple Pilots - Sour Girl (Album: No. 4 (1999))

(104 BPM)

(intro Riff)

[A/C# | Bb6 | F | G (Gsus4)]

She turned away, what was she looking at?

She was a sour girl the day that she met me

Hey, what are you looking at?

She was a happy girl the day that she left me

-(repeat verse)-

[Bb6 | F | C | G || Bb6 | F | G | G]

What would you do,

What would you do if I followed you?

What would you do if I follow?

Don't turn away, what are you looking at?

He was so happy on the day that he met her

Say, what are you looking at?

I was a superman but looks are deceiving

The roller-coaster ride's a lonely one

I pay a ransom note to stop it from steaming

Hey, what are you looking at?

She was a teenage girl when she met me

[Chorus] x2

Bridge: (intro Riff)

The girl got reasons, they all got reasons

[Chorus] x2

OUTRO:

Hey, what are you looking at?

She was a happy girl the day that she left me

The day that she left me, the day that she left me

(repeat to fade)
