O.A.R. - Love and Memories *(Album: Stories of a Stranger (2005))*
Intro: (riffs)
A, A/G# [F, F/E CAPO 4th FRET]
Lovely, you're always lovely, A vision, You were the one
Now I am stuck inside a memory, You forgot about our destiny
You buried me, Didn't you? Didn't you?

[G Am F C CAPO 4th FRET]
B C#m A E

Ch: Love me faster than the devil
Run me straight into the ground
Drowning deep inside your water
Drowning deep inside your sound

Love me faster than the devil
Run me straight into the ground
Drowning deep inside your water
Drown in love and memories

You're always floating, A vapor, That I couldn't see
Here I am stuck inside a yesterday, Everything has given way
You fell from me, Didn't you? Didn't you?
[chorus]

B: Maybe I am a crowded mind,
I watch your eyes glaze over, Stared down at the floor
You were amazing to me, I was amazing to you
But here we go again, Didn't you
[chorus] x 3
