I got a car, I've got some gas,
get out of here fast,
so I stay in my room,
to go alone

oh let's get out of here
everyone's confused
if I go I don't want

I hope you get this message,
I could be there in,
I got my things,
with you I could never be alone

or you're not home
10 minutes or so
we'll make it up as we go along
