U2 - Staring At The Sun (Album: POP (1997))

Am G F Em
Summer stretching on the grass, summer dresses pass
In the shade of a willow tree, creeps a crawling over me
Over me and over you, stuck together with God's glue
It's going to get stickier, too
F G
It's been a long hot summer, let's get undercover
F G
Don't try too hard to think, don't think at all…. I'm not the only

C: C Am
One staring at the sun
D Dsus4 F
Afraid of what you'd find if you took a look inside ***(stepped back inside)***
C Am
Not just deaf & dumb staring at the sun ***(I'm not sucking my thumb, I'm)***
D Dsus4 F
I'm not the only one who's happy to go blind ***(who'd rather go blind)***

There's an insect in your ear, If you scratch it won't disappear
It's gonna itch & burn & sting, Do you want to see what the scratching brings
Waves that leave me out of reach, Breaking on your back like a beach
Will we ever live in peace?
F G
Cause those that can't do, often have to
F G
And those that can't do, often have to Preach, to the **[chorus]**

B: Am Dsus2 Am G
Intransigence is all around, military still in town
Armor plated suits and ties, Daddy just won't say goodbye
Referee won't blow the whistle, God is good, but will He listen?
I'm nearly great, but there's something missing…
F G
I left in the, duty free though
F G
You never really, belonged to me…. You're not the **[chorus]…**
